

**KEN NORRIS**

**COOL DRY PLACE**

Confusion boats.

And all the various mutinies.

There's traction in the action.

And only the lonely know Brooklyn.

Any road will take you there.

The contemporary scene  
being lean and mean.

On the other hand,  
I'm just the drugs I take.

Lefty, Nelson, Charlie T. Jr.,  
Lucky, and Otis:  
take the secret of life  
and put it  
in a cool, dry place.
